

IODs in the NEWS

International One Design
World Class Association

Happy New Year to All

Best wishes from the World Class Association to all fleets and IOD sailors. Let's keep working together to have fun in our boats in this our 80th Anniversary Year.

While few of us are in venues conducive to sailing IODs at this time of year, there is much planning underway for 2017. IOD sailors will be gathering to race in Bermuda in May and Nantucket in June. The North Sea Cup in Sweden in August will be closely followed by the Worlds across the Atlantic in Northeast Harbor Maine. Then Fishers Island will host the North Americans in September and some will return to Bermuda in November for the Keelboat regatta. A wonderful full schedule for playing in our lovely boats.

New Boat at the Manhattan Yacht Club

Commodore Mike Fortenbaugh has led a syndicate of MYC members in purchasing Black Arrow from Marion Menaker, and announced plans to build a new

New Members In IOD Hall of Fame

Eight great sailors, past and present, who have been active in the IOD class and successfully demonstrated their prowess and dedication elsewhere in the world of sailing have been nominated by class members, vetted by the selection committee, and elected to the Hall of Fame by the WCA Executive. The Electees are:

- Peter Bromby
- Ted Hood
- Arthur Knapp
- Emil "Bus" Mosbacher
- Cornelius Shields
- Richard M. "Dick" Sykes
- Charlie Van Voorhis
- BJ "Jordy" Walker

fleet in New York Harbor. Rick Thompson and Peter Rugg attended the MYC annual meeting last month to present some of the unique values of the class and celebrate the two MYC crews who sailed in the Bermuda Keelboat regatta in November. See more details from Manhattan Yacht Club [here](#).

New LOGO Base for 80th Anniversary

The WCA has developed a new 80th Anniversary logo for fleets to use for regattas, marketing, or other purposes this year.

This image is easily embroidered, and can be augmented for any specific regatta, event or fleet specific needs. For example:

Corny succeeded in getting IODs on the cover of Time Magazine. there are details on the website [Hall of Fame](#).

All members are encouraged to look at their own fleet and history. The selection committee - Tim Dittrich, Bob Duffy, John Henry, Gil Manuel, and Herb Motley (Class Historian) have list of 70 prime candidates. They will be reaching out to each of the fleets to post nominations through the web portal. Any member can nominate a candidate [here](#).

New Class Rule Changes

As most of you know, World Sailing unanimously accepted our application to again be a World Sailing Class. World Sailing asked for a few minor clarifications in the rules and the Technical Committee

The WAC is working with supplier for volume discounts, on line ordering and delivery for any specific event and the opportunity for the addition of boat or crew naming on a wide variety of clothing and other gear. Access for ordering will be through the member site on the web.

<https://iodwca.wildapricot.org/>

took the opportunity to do a thorough review and implement several other clarifications. New rules on the website [here](#).

New Member Only Section of the Web

This has been sent through the new part of the public website that is for members only by sign in. In that section class members have access to information that is not for the public such as minutes of meetings, and files for the 80th Logo, etc. The Treasurer will record dues paid through the fleets, and Fleet Captains will have an ability to email their fleets and other tools.

Please [join us](#) now.
